

CEILING

1

Recycled ulin

- » Termite resistant
- » Durability rating:
In-ground: Class 1
Above ground: Class 1

Species

2

Pick the thickness

18 or 15mm T&G

Boards can be laid and Nailed on rafters just as a flooring.
Can be used as **paneling** or **cladding** too.

15, 12 or 10mm Shiplap

Boards can be laid and nailed just as a flooring or glue on rafters or existing ceiling.
Can be used as **paneling** or **cladding** too.

3

Pick the width

Uniform

All boards are same width, easier for laying

Varied

Boards are a mixture of fixed widths, providing more variety; although you have to match ends when laying

4

Pick the length

Random

Boards are between 60 to 390 cm

Incremental

We cut the boards to match the center spaces between your rafters

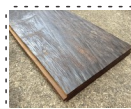

Fixed

We cut the boards to specific lengths requested by you

5

Choose a texture

Ulin Original Rustic

Ulin Classic Smooth

6

Want to make it even better?

- Lay on our reclaimed rafters
Find more info in our Lumber section

- Finish with our non-toxic wood finishes

Kaltimber's solid hardwood ceiling comes in a range of species & sizes. Its versatility allows it to be used also as paneling & cladding

We have put together this guide to help you decide

Profile Tongue & Groove (T&G)

Profile Shiplap (SL)

Custom production available. Price does not include delivery, installation or specific requirements.

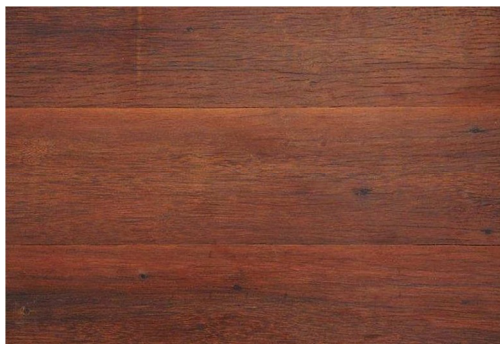

For semi-process T&G ceiling please refer to our semi-process flooring catalog.

Solid Recycled Ironwood Ceiling

with Shiplap

Semi-process

What is semi-process? We take raw boards on top of the stock pile and process it such as square edges and in addition it goes through our 6 spindles molding to put a profile on. Nail holes, surface cracks and end split are left untouched. Boards are always power wash with water to clean dirt and mud.

100% Recycled ironwood ceiling – Classic Smooth

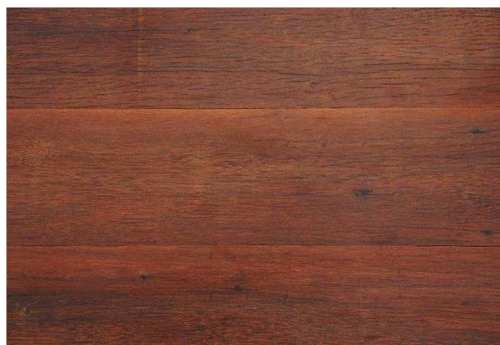

7cm wide (uniform widths)

- Tongue & groove (possible end matching)
- Classic Smooth finish
- Random lengths 60cm – 360cm

Dimensions	Profile	Price/m2	Code
1 x 7	SL	485,000	VULS-SL-1070-UR
1.2 x 7	SL	485,000	VULS-SL-1270-UR
1.5 x 7	SL	580,000	VULS-SL-1570-UR
1.8 x 7	SL	580,000	VULS-SL-1870-UR

Full process

What is full process? We select each board to perfectly match the end product. It is going through the whole production process from double planner to final touch handmade touch by skillful carpenter. Nail holes, surface cracks, end splits are all either glued or plugged.
